

BECOME OUR FIRST TEST AUTOMATION ENGINEER

RESPONSIBILITIES

- Develop and implement automation strategies aligned with Agile practices and project goals
- Design, build, and maintain reusable test automation frameworks for UI, API, and integration testing
- Write and maintain automated test scripts based on user stories, acceptance criteria, and technical designs
- Integrate automated tests into CI/CD pipelines for continuous feedback on software quality
- Investigate test failures, identify root causes, and document defects for resolution
- Evaluate, implement, and optimize tools and technologies for efficient test automation
- Work closely with developers, QA, and product teams to ensure comprehensive test coverage
- Automate performance and scalability tests to validate system reliability under load
- Maintain detailed records of test automation processes, scripts, and results for transparency
- Promote testing best practices, shift-left approaches, and a culture of shared responsibility for quality

WHAT WE OFFER

- Opportunity to work with Swiss clients on challenging projects
- A flexible work model with remote principles
- Structured onboarding program in Puttalam for skill and process alignment
- Periodic onsite collaboration in Puttalam and travel opportunities to Switzerland
- A value-driven work environment focused on personal and professional growth
- Competitive salary and benefits package

REQUIREMENTS

- Bachelor's degree in IT, Computer Science, or a related field
- At least 3 years of software testing experience
- Hands-on experience with web test automation frameworks, e.g., Cypress, Playwright, Selenium
- Hands-on experience with API testing tools such as POSTMAN, Swagger, or other API clients
- Good understanding of Git commands and code repositories (e.g., Bitbucket, GitHub, GitLab)
- Experience with building and maintaining Azure DevOps CI/CD pipelines
- Strong analytical and problem-solving skills with attention to detail
- Excellent communication skills in English; knowledge of German is an advantage
- Flexibility to travel to Puttalam for onsite sessions and occasionally to Switzerland for client visits
- A value-oriented mindset with a focus on quality and collaboration
- Starting-date: March-June 2025

JOIN US AT LANKA SOFTWARE TESTING AND BE PART OF OUR MISSION TO DELIVER WORLD-CLASS TESTING SOLUTIONS FOR OUR SWISS CLIENTS!
